MOTION TO COMPEL LOCAL PUBLICATION
IN ACCORDANCE WITH THE COMMISSION'S RULES

Terry C. Jenks (Jenks), by his attorneys, hereby respectfully requests that the Presiding Judge issue an order compelling Steven L. Gradick (Gradick) to publish local public notice of the filing of his above-captioned application and of the designation of his above-captioned application for comparative hearing, in accordance with Sections 73.3580 and 73.3594 of the Commission's Rules. In support whereof, the following is respectfully submitted:

1. On April 13, 1993, Gradick filed a "Notice of Publication" reflecting that he had published public notice of the designation of his application for comparative hearing in a newspaper titled Times-Georgian. See Exhibit 1 attached hereto. As Exhibit 2 hereto reflects, Gradick previously published public notice of the filing of his application in the same paper. The Times-Georgian is published in Carrollton - not Bowdon. See Exhibit 3 hereto.

2. Section 311(a) of the Communications Act of 1934, as

amended, 47 U.S.C. §311(a), requires each applicant for construction permit for a new broadcast station to publish local public notice of the filing of the application and the designation of such application for hearing in the form, content, manner and frequency prescribed by the Commission in its rules. Sections 73.3580 and 73.3594 of the Commission's rules implement this provision of the Act and require applicants for new FM stations to publish notice of the filing (73.3580) and designation for hearing (73.3594) of any such application as follows:

- a) In a daily newspaper of general circulation published in the proposed community of license.
- b) If no daily newspaper is published in the proposed community of license, then publication must be made in a weekly newspaper published in the community of license.
- c) If no weekly newspaper is published in the proposed community of license, then publication must be made in the daily newspaper having the greatest general circulation in the proposed community of license.

3. Bowdon, Georgia, currently has, and as of the time Gradick filed his application had, no daily newspaper. There is, however, a weekly newspaper of general circulation published in Bowdon, the Bowdon Bulletin. See relevant excerpts from the 1991 and 1992 editions of Editor & Publisher Year Book, attached hereto as Exhibit 3, official notice requested. For some inexplicable reason, Gradick (who recently claimed to reside in Bowdon) did not publish his notices of the filing and the designation for hearing of his Bowdon application in the Bowdon Bulletin, as required by

the Commission's rules, but instead chose to publish notice in the Times Georgian, a newspaper published in Carrollton, Georgia. See Exhibits 1 - 3. As indicated by the express language of §73.3580 and §73.3594, notice in a newspaper published other than in the proposed city of license is acceptable only if there is no daily or weekly newspaper published in the proposed city of license. Gradick failed to comply with the Commission's publication requirements and did not offer any excuse for his failure to do so. Indeed, Gradick did not even acknowledge that his publication was not in compliance with the rules or seek leave to publish notice in a manner that does not comply with the rules. See 47 C.F.R. §73.3594(h). Accordingly, the Notice of Publication filed by Gradick on April 13, 1993, must be rejected, and Gradick must be required to demonstrate compliance with Sections 73.3580 and 73.3594 of the rules prior to the commencement of the hearing in this proceeding.

4. It is well established that the Commission cannot waive the statutory requirement of local publication of notice of the filing of new applications and designation of such applications for comparative hearing. See, e.g., Coast TV, 59 R.R. 2d 205, 206 (Rev. Bd. 1985). Absent local publication of the designation of the application for hearing, any hearing on the application would be a nullity. See id., citing Martin R. Kariq, 45 F.C.C. 625 (1963). Indeed, failure to comply with Section 73.3594 of the rules is cause for dismissal of an application. See 47 C.F.R. §73.3594(h) (1992). Jenks is not requesting dismissal of Gradick's

application but is requesting only that Gradick be required to demonstrate compliance with the Commission's rules before this case proceeds to hearing.

WHEREFORE, in light of the foregoing, Terry C. Jenks respectfully requests that the Presiding Judge reject the Notice of Publication filed by Steven L. Gradick on April 13, 1993, and issue an order requiring Steven L. Gradick to publish local notice of the filing and designation of his above-referenced application for a new FM station at Bowdon, Georgia, in compliance with the Communications Act and the Commission's Rules.

Respectfully submitted,

TERRY C. JENKS
